GITHUB LINKS

Our website went through two iterations with two separate repositories. We are linking both repositories here, **though the “final” version of the website that you’ll want to grade is the second link!** You are a contributor on both versions.

[Link one: “Old” version of the website \(Frontend only\)](#)

[Link two: “New” version of the website \(Backend and Integration added\)](#)

CONTRIBUTIONS

We had a few members that were pushing most of the code, but we would work together or send code to the members pushing the code.

DEPLOYMENT	<p>You can find our application live and running on Heroku.</p> <p>If anyone would like to build the application to run locally, there are instructions included in our Readme for doing so.</p>
